

Case Study NC(V) Level 2 Remedial Training

Winter School

As part of our dedication to develop better skills in FET NC(V) fundamental subjects we tested our Math, English & Life Orientation Training in a Winter School at Umfolozi College Mandeni Campus.

We use this feedback to ensure that we tailor the training to the needs of the students.

The responses below were gathered from the students that participated in the training.

LEARNSCAPES TRAINING AT UMFOLOZI
COLLEGE AT MANDENI CAMPUS

21 JUNE 2010 TO 2 JULY 2010

FACILITATOR: D PILLAY

Time Period	LEVEL & PROGRAMME	HEADS	NO. PART.	%	STUDENTS' ADDITIONAL COMMENTS
21 June to 2 July 2010	LEARNSCAPES	21	21	100	Excellent training. Would like to continue next year. Enjoyed and it helped me. Wish programme was available all the time.
CONTENT					
How did the training met your needs?					
Upgraded knowledge, improved English and Life Orientation skills, gained computer skills, improved vocabulary, gained knowledge where to improve in subjects, improved learning and listening skills.					
What information will you be able to use in your daily activities?					
All, but especially English and Life Orientation, Self-Motivation and other useful information to help develop myself. Goal planning. Computer knowledge. Healthy lifestyle planning. English improved accent. Maths taught how to add. How to get a job.					
PRESENTATION					
What do you think of the way the speaker/s presented the training?					
Good presentation and explanations given. Loud and clear. Passionate, intelligent. Did not explain how they got answers in Maths. (NOTE: This was addressed and additional explanation introduced)					
What did you think of the visual aids used?					
Excellent and helpful. Perfect. Level too high. (NOTE: This was addressed and simplified explanations introduced)					
GENERAL COMMENTS					
What is your overall reaction to the training?					
Interesting and easy to understand.					
Should the training be longer, shorter or stay the same?					
6 of 21 said stay the same. 13 of 21 said longer. 1 did not answer. 1 spoiled answer.					
Would you like to repeat this training? 100% said YES					
Would you like to attend an advanced training in the future? 100% said YES					
Please describe the areas where you experienced the most growth.					
11 said Maths; 11 said English; 9 said LO; 7 specified computer skills. 2 spoiled answers.					
Please make suggestions regarding improvements to the training.					
Add more subjects. More time. Explain more in Maths. In LO explain computer part briefly. Perfect.					
Other personal comments					
Air conditioner too cold. All students must get this training. Hope training will have great impact on studies. Students must put more effort into this training. If they have more of this training, their results will improve. Thanks for the training.					
May we quote you in our internal marketing material?					
3 of 21 did not respond. 1 spoiled answer. 17 of 21 said YES.
